1. **OVERVIEW**

2.1 The South African Government recognises the potential of the film industry and has prioritised it as one of the sectors under its Industrial Policy Action Plan (IPAP). The growth of the industry has a tremendous impact on economic development in terms of employment and exports, while stimulating a host of supplier industries.

2.2 The South African Government takes cognisance of the significant contribution that the film and television industry potentially has in stimulating the country’s economic growth, job creation and its role in facilitating dialogue for national building. This is attested in the past by production such as the award-winning *A Million Colours* and the internationally acclaimed Nelson Mandela *Long Walk to Freedom*.

2.3 To support the growth of the sector, the Department of Trade and Industry (the dti) is offering incentives to increase local content generation and improve location competitiveness for foreign film productions. In addition to incentives, the dti is working with other role players on raising the profile of the sector in general and a number of strategic co-production treaties are set to improve distribution locally and internationally.

2.4 I hereby extend an invitation to industry players to make use of this facility and to support the South African Government in realising its goals of growth, employment and equity.

Dr Rob Davies, MP
Minister of Trade and Industry
2. **PREAMBLE**

2.1 The purpose of this document is to provide guidelines for the South African Film and Television Production and Co-production Incentive.

2.2 The guidelines are intended to enable enterprises to present their applications to the dti and provide a framework for the dti to evaluate such applications. Approval will only be considered for those projects that meet the strategic objectives of South African Film and Television Production and Co-production Incentive as interpreted by these guidelines and remains in the sole discretion of the dti. To qualify for the incentive, applicants have to receive approval from the dti and any such decision will be final.

2.3 The guidelines for the South African Film and Television Production and Co-production Incentive may be amended as deemed necessary by the dti. These amendments will be published on the dti website and will be of immediate effect upon publication.

2.4 Where the guidelines lend themselves to varying interpretations or do not deal with specific subject matter, the interpretation of the dti must be requested and such interpretation will be decisive and final. A new version of the guidelines may, from time to time, be published on the dti website.

2.5 Approval of applications will be subject to compliance with the incentive guidelines, the relevant provisions of the Public Finance Management Act (PFMA) and, more specifically, the availability of funds.
3. DESCRIPTION OF THE SOUTH AFRICAN FILM AND TELEVISION PRODUCTION INCENTIVE

3.1 The South African Government offers a package of incentives to promote its film and television production industry. The package consists of the South African Film and Television Production Incentive, which aims to assist local film producers in the production of local content; the South African Emerging Black Filmmakers Incentive, which aims to nurture and grow emerging black filmmakers to take up big productions; and the Foreign Film and Television Production Incentive to attract foreign-based film productions.

3.2 The South African Film and Television Production Incentive is available to qualifying South African productions and official treaty co-productions with total production budgets of R2.5 million and above.

3.3 The objective of the South African Film and Television Production Incentive is to support the local film industry and contribute towards employment opportunities in South Africa.

3.4 The South African Film and Television Production Incentive provide financial assistance to local productions in the form of a rebate of up to 35% of the Qualifying South African Production Expenditure (QSAPE). No cap will apply for this rebate.

3.5 The incentive is effective from 1 September 2014 (subject to paragraph 3.1) and will be administered for a period of three years up to 2017.

---

1 There is a separate Programme Guideline document for the Foreign Film and TV Production Rebate, targeted at attracting larger-budget international productions as well as Emerging Black Filmmakers for productions with a total budget below R2.5 million

• Or an anthology of drama works for television where the key dramatic elements of character, theme and plot are introduced, developed and concluded to form a narrative structure within each episode (similar to that of a novel or a short story), but without continuity of plot between episodes (although there may be host elements common to each episode) and made to be broadcast under one generic title;

This process involves primarily the combination of digital art with programming.
- The resulting product of video game development is a computer program or collection of data containing all the elements necessary for the game to function as intended, including all computer programming and digital artwork. Video game development is mostly done for the commercial purposes of entertainment, but a video game can be developed for any purpose whatsoever, based on the intended goal of its progenitor.

6.1 The total production budget (total production expenditure) must be a minimum of R 2.5 million or R500 000 for documentaries. For example, a project with the Total Production Expenditure (TPE) of R2.5 million will have a Qualifying South African Production Expenditure (QSAPE) of R1.875 million, which is at least 75% of TPE (see paragraph 8.1). It is, however, possible for a project with a TPE of R2.5 million to have a QSAPE of R2.5 million.

6.2 The applicant must provide the dti with a distribution plan and evidence of a distribution agreement.

8. **ELIGIBLE PRODUCTIONS**

Productions eligible for the South African Film and Television Production Incentive can either be a Qualifying South African Production or an Official Treaty Co-Production.

8.1 **A Qualifying South African Production means a film in respect of which:**
- At least 75% of the total budget of the film is defined as QSAPE;
- The majority of intellectual property is owned by South African citizens;
- The director is a South African citizen, unless the production requires the inclusion of an individual not covered by this clause, in which case approval may be given at the provisional approval stage;
- The top writer and producer credits include South African citizens, unless the production requires the inclusion of an individual not covered by this clause, in which case approval may be given at provisional approval stage (either exclusive or shared collaboration...
The majority of the five highest-paid performers are South African citizens, unless the production requires the inclusion of an individual who is not a South African citizen, in which case approval may be given at provisional certification stage; and

The majority of the film’s heads of departments and key personnel are South African citizens.

8.2 A Qualifying Co-Production must meet the following conditions:

- A production must be approved by the Minister of Arts and Culture as an Official Treaty Co-Production; and
- The applicant must submit a copy of the advance ruling at application stage for provisional certification and a copy of the final ruling when submitting the application for the final payment of the incentive.

9. CREDIT

- the dti must be credited for its contribution to the production.
- Productions are encouraged to include the dti logo in the opening credits for all production.

10. ELIGIBLE EXPENDITURE

All costs, including Total Production Expenditure (TPE), QSAPE and Non-QSAPE, must be presented with each application for purposes of clarity.

10.1 Total Production Expenditure (TPE)

A film or television production’s total production expenditure is that incurred or reasonably attributable to the making of the film from pre-production to the point at which the first copy of the film is ready to be distributed, broadcast or exhibited to the general public.

10.2 Qualifying Production Expenditure

- Qualifying Production Expenditure will include all the production costs incurred by the applicant on intellectual property and goods owned or facilities and services provided by South African companies.
- Where individuals or contractors are paid via an agency, proof of the South African citizenship status of the individual and contractor will be required.
- Where the purchase of South African copyright is claimed as QSAPE, the relevant legal agreement verifying chain of title must be attached to the application form and monitoring reports.
- All expenditure in South Africa for international services that remain in South Africa will qualify as QSAPE.
• Only production costs discharged through the bank account of the SPCV will qualify as QSAPE.
• Sector Education and Training Authority (SETA).
• Loan funding from any national, provincial and local government and its entities.

10.3 Non-Qualifying Expenditure

• General business overheads
• Other associated party fees
• Deferments, profit participation and residuals
• Advances
• Land and building
• Costs of services embodied in goods
• Depreciation
• Executive producer
• SPCV incorporation costs
• Publicity and marketing costs
• Consultant fees charged to prepare the application
• Grant funding from any other funding received from national, provincial and local government
• Other

11. TREATMENT OF EXPENDITURE

11.1 Value Added Tax (VAT)
All amounts set out in this document and those provided in applications must be net of VAT where it is reimbursable.

11.2 Currency exchange
All QSAPE will be incurred in South African Rand. All other production expenditure incurred in foreign currencies must be reported in South African Rand using the budgeted exchange rate on the audited expenditure statement.

11.3 Arm’s length expenditure
The arm’s length principle is to ensure that amounts charged between the applicant company and any connected parties for the provision of goods or services are commercially reasonable.

Where the applicant incurs expenditure under a non-arm’s length arrangement, which inflates or deflates the cost of particular goods or services in relation to the film production, a rate no
greater than the commercial rate for those goods or services, will be counted towards QSAPE and TPE.

The commercial rate will be taken to be the amount that would have been incurred if the parties were dealing at arm’s length, charging what they would ordinarily to an unrelated party. If a lesser rate is charged, that rate must be claimed.

The arm’s length principle applies to any act or transaction that is directly or indirectly connected to any expenditure incurred by the applicant – that is, the principle still applies if a non-arm’s length deal between other parties otherwise inflates the expenditure of particular goods or services purchased by the applicant.

11.4 Basis of expenditure
To be included as QSAPE, an expenditure item must have actually been incurred on the making of the specific film production for which the application is made. In addition, the applicant must have actually discharged its liability to pay at the time of application for the incentive.

11.5 Expenditure by prior companies
Eligibility for the incentive extends to an applicant who takes over the film production from another company(ies) and completes the film production. The applicant is taken to have incurred the production expenditure of the previous company(ies) for the purposes of the incentive.

Any costs incurred by the applicant in the takeover of the project are excluded from its calculation of QSAPE.

Documentary evidence of this expenditure to verify that it qualifies as QSAPE must be provided.

11.6 Purchase and sale of goods
Where an applicant buys any goods for use in a film production and sells or disposes of those goods on completion of the production, only the net cost of those items can be claimed as TPE or QSAPE.

In the event of the applicant or an associated party retaining any goods bought beyond the completion of the film, an independent valuation must be made of those goods and that valuation must be deducted from the value of QSAPE for the purpose of calculating the incentive.

11.7 Transfer pricing
It is anticipated that the applicant company will charge a production services fee if the film is being produced for an overseas producer or studio. This fee must be at an arm’s length commercial rate and will be considered QSAPE if it satisfies the criteria.

If this fee is paid out of the incentive, it will not have been incurred before the completion of the film and will not qualify as QSAPE.

12. REBATE CALCULATION

12.1 The rebate is calculated as 35% of first R6 million of the QSAPE, thereafter 25% is calculated; and

12.2 No cap will apply for this rebate.

13. APPLICATION PROCESS

13.1 Application for provisional approval – Form A

14. **REBATE DISBURSEMENT**

- Rebate is disbursed on completion of the production or may be paid after reaching certain milestones.
- Applicants wishing to make use of the milestone payment method must acquire a completion bond. As this might be costly for smaller producers, where the cost of a completion bond could be as much as R300 000, the following will apply:
  - 70% of the cost of the completion bond will be subsidised for productions between R2.5 million and R6 million;
  - 50% of the cost of the completion bond will be subsidised for productions between R6 million and R10 million;
  - Productions over R10 million are required by financiers to have a completion bond in place and therefore no additional subsidy will be granted.

| **General business overheads** | South African business overheads, being general business overheads, are excluded from QSAPE to the extent that they exceed the lesser of:  
- 2% of the total of the company’s TPE on the film production; or  
- R200 000. |
| **Producer fees** | South African producer fees, limited to two working producers and inclusive of all their travel accommodation and living expenses, are excluded from QSAPE to the extent that they exceed the lesser of:  
- 10% of the total of the company’s TPE on the film production; or  
- R1 million in total. |
| **Other connected party fees** | The fees of any other connected parties that appear above the line (that is, writer, director or cast member inclusive of all their travel, accommodation and living expenses) are excluded from QSAPE to the extent that they exceed the lesser of:  
- 10% of the total of the company’s TPE on the film production; or  
- R1 million in total.  
Section 31 of the Income Tax Act, 1962, defines a connected party as:  
(a) In relation to a natural person:  
   (i) any relative; and  
   (ii) any trust of which such natural person or such relative is a beneficiary.  
(b) In relation to a trust:  
   (i) any beneficiary of such trust; and  
   (ii) any connected person in relation to such beneficiary.  
(c) In relation to a member of any partnership:  
   (i) any other member; and  
   (ii) any connected person in relation to any member of such partnership.  
(d) In relation to a company:  
   (i) its holding company as defined in section 1 of the Companies Act, 1973 (Act No. 61 of 1973);  
   (ii) its subsidiary as so defined;  
   (iii) Any other company where both such companies are subsidiaries (as so defined) of the same holding company;  
   (iv) Any person, other than a company as defined in section 1 of the Companies Act 1973 (Act No. 61 of 1973), who individually or jointly with any connected person in relation to himself, holds, directly or indirectly, at least 20% of the company’s equity share capital or voting rights;  
   (v) Any other company if at least 20% of the equity share capital of such company is held by such other company, and no shareholders hold the majority voting rights of such company;  
   (vi) Any other company if such other company is managed or controlled by  
      (aa) any person who is a connected person in relation to such company; or  
      (bb) any person who is a connected person in relation to a person contemplated in item (aa).  
   (vii) Where such company is a closed corporation:  
      i. any member; |
| Deferments, profit participation, residuals | QSAPE does not include expenditure that is dependent on the film production’s commercial performance and its earnings, as expenditure directly linked to the production’s commercial performance cannot be quantified until after the production has been exhibited. Therefore, expenditure items specifically excluded from QSAPE include:  
  - Payments deferred until the film production provides financial returns through box office receipts, earnings or profits (for example, bonuses paid to directors);  
  - Payments dependent on eventual profits made on the production; and  
  - Amounts payable in relation to the residual rights of cast members concerning the commercial exploitation of the production through future exhibition and distribution. |
| Advances | All payments made by way of an advance on a payment in respect of deferments, profit participation or residuals are excluded from QSAPE unless they are non-recoverable. |
| Land and buildings | Any acquisition of land or buildings or the erection of buildings of a substantial nature is excluded from QSAPE as this expenditure would not be considered reasonably attributable to the making of the film. Sets and props will not be classified as substantial in nature, however, any proceeds on the sale of sets and props or the deemed value of such, if retained by the applicant or related party after completion of the film, must be deducted from the value of QSAPE for the purpose of calculating the rebate. |
| Costs of services embodied in goods | If the cost of certain services are embodied in the cost of goods delivered to the applicant company and those services were predominantly (namely, greater than 50% of the cost) performed outside South Africa, then those services are not provided in South Africa for the purposes of determining QSAPE. This does not apply to imported goods, where the supplier has an established business with a history of supplying those particular goods, for example, Kodak stock. |
| Other exclusions | The following sundry items do not qualify as QSAPE:  
  - Errors and Omission Insurance, which protects the copyright holders from litigation once the film is exhibited; and  
  - Any gifts, entertainment and gratuities. |
| Completion date | A film production is regarded as having been completed per the definition in section 24F of the Income Tax Act, 1962 (Act No. 58 of 1962) – in relation to a film, the date on which the cut master negative and conforming sound track of the film are married to an answer print or, where such film is not a cinematographic film, the date on which the film is completed to an equivalent production stage. |
| Audited expenditure statement | All costs claimed as QSAPE must be presented in an audited expenditure statement. The audit must be prepared by a person who is:  
  - An auditor registered with SAICA or PAAB;  
  - If the auditor has any connection to the applicant that connection should be declared;  
  - the dti reserves the right to appoint any other registered auditor to perform further checks at the dti’s own expense;  
  - The statement should be in the format provided in Annexure A;  
  - The auditor’s statement is provided at the applicant’s expense, with the name of the auditor and auditor’s company or firm, qualifications and contact details to be provided in the relevant section of the application form; and  
  - Both the auditor and the applicant are to sign “the Declaration by the Auditor” form. |
| Complete DVD | A complete DVD of the film production, together with a full final credit listing and proof of distribution or... |
### including the dti credit

Exhibition arrangements for the production must be included in the application to verify that the production is ready for distribution or exhibition to the general public. The **dti** reserves the right to be supplied with a DVD of the entire film production or alternatively to be invited to a filming of the production in its entirety following the production's release. The final copy of the production will be kept only for the purposes of the application process.

### Speculative project

Work done with no defined goal for broadcast or distribution and is not commissioned.

### Attested declaration

The information provided in an application must be certified in an attested declaration by an authorised person from the applicant company, normally a director of the applicant company or the chief executive officer.

### Further information as requested

The **dti** reserves the right to require any further information deemed necessary to complete the rebate process. This information must be provided at the applicant’s expense within 28 days of the **dti**’s request, although the applicant may write to the **dti** requesting an extension of time.

### Total production expenditure

A film or television production’s total production expenditure is that which is incurred or reasonably attributable to the making of the film from pre-production to the point at which the first copy of the film is ready to be distributed, broadcast or exhibited to the general public.

Section 12(O) of the Income Tax Act No. 58 of 1962 (the Act) defines production expenditure as follows:

- “production cost”, in relation to a film, means the total expenditure incurred by a film owner in respect of the acquisition or production of such film, excluding expenditure incurred in the erection, construction or acquisition of any buildings or other structures or works of a permanent nature, but including, without in any way limiting the scope of this definition:
  - any remuneration, salary, legal, accounting or other fee, commission or other amount paid or payable to any person for the purposes of or in connection with the production of the film;
  - the cost of acquiring the story rights, script, screenplay, copyright or other rights in relation to the film;
  - insurance premiums in respect of insurance against injury to or death of persons, or loss of or damage to property employed or used, as the case may be, in the production of the film;
  - premiums or commission payable in order to secure a guarantee that the cost of the film will not exceed a specified amount;
  - interest, finance charges and raising fees incurred for the purposes of or in connection with the production of the film;
  - the cost of acquiring or creating music, sound and other effects which will form part of the film;

Appendix B: Schedule for incentive programme

1. DEFINITIONS

The definitions contained in the incentive guidelines apply. In addition:

1.1. “The Beneficiary” means the legal or natural person that was approved by the dti for incentives and, where the payment is ceded to a service provider, also refers to the service provider.

1.2. “Business Project” or “Project” means the business operated by the beneficiary and that was approved for the incentive.

1.3. “the dti” refers to the Department of Trade and Industry, care of the Incentive Development and Administration Division, Block A, 77 Meintjies Street, Sunnyside, Pretoria; Private Bag X84, Pretoria, 0001.

2. NATURE OF THE INCENTIVES

2.1. the dti and the beneficiary do not enter into a partnership, agency or shareholding agreement or other representation because of the approval of an incentive application or claim.

2.2. The beneficiary has no authority to bind or attempt to bind the dti, in any manner, or to assume or incur any obligation or responsibility, expressed or implied on behalf of or in the name of the dti.

3. INCENTIVE GUIDELINES AND ECONOMIC POLICIES OF the dti

The incentive guidelines and/or this schedule may be amended from time to time. Amendments to the guidelines and/or this schedule will be published on the dti website and be effective immediately. Beneficiaries whose applications have already been approved will only be affected by retrospective amendments if it is not prejudicial to them or the dti.

Where the beneficiary is of the opinion that a word or sentence in the guidelines or this schedule is vague and/or has to be interpreted, the beneficiary must not make its own interpretation. the dti has the right, in its sole discretion, to provide interpretations on the meaning and intention of such words or sentences. Such decisions are binding on all beneficiaries.

The beneficiary is required to familiarise itself with the economic policies of the dti. Any failure to conduct its business in line with such policies may result in the beneficiary being regarded as having contravened the terms of this schedule. Specifically, the beneficiary is reminded of the dti’s competition and consumer laws, BEE policy, as well as the dti’s efforts to phase out import parity pricing in favour of non-discriminatory pricing and the efforts to promote downstream beneficiation. Should the beneficiary not be in compliance with these policies, it shall be expected of the beneficiary to submit with its claims an adopted business plan indicating how it is striving to become compliant.
4. APPROVAL OF THE INCENTIVE APPLICATION AND SUBMISSION OF CLAIMS

4.1. The approval set out in the letter of approval is only relevant to the specific business project that applied. A business project, activity or expenditure can only qualify once for an incentive (unless the incentive guidelines state different). A business project will be disqualified if it contravenes this clause.

4.2. No representation, communication (including official the dti letters), or offer made prior to the approval of the application/claim shall be valid in so far as it does not agree with the letter of approval, or the requirements of the claim.

4.3. No information may be submitted with the claim on any, or part of any, project other than the business project that has been approved.

4.4. The calculation method of the maximum incentive approved, replaces any calculation method explained in the incentive guidelines and shall be final. The approved maximum amount is fixed and shall not be adjusted due to changes in macroeconomic variables like inflation; exchange; or interest rate etc.

4.5. The beneficiary is not automatically entitled to the full amount of the maximum incentive offered. the dti further reserves the right to correct any calculation error at any stage before or after approval/payment. A further calculation will be made based on the figures set out in the claim form. This calculation may result in an amount that is less than the maximum amount, but can never be more than the offered maximum amount.

5. AMENDMENTS TO THE INFORMATION SUBMITTED BY THE BUSINESS PROJECT

Any change (including amendment, addition or variation) in the information set out in the application that is relevant to the approved incentives must immediately be communicated to the dti in writing. This includes, but is not limited to, changing an approved service provider and changes to time frames.

The beneficiary must request written approval from the dti that the planned changes do not affect the incentive in a manner that is unacceptable to the dti, before the planned changes take place. The decision to amend the information submitted for the incentive shall be solely in the discretion of the dti and is final.

the dti may accept or refuse to make the change applicable to the approval; or may accept the change as part of the approval, but make the approval subject to (additional/other) conditions; or may reject the whole application or claim based on the planned changes. The application or claim shall be rejected where, among others, the beneficiary will no longer qualify for the incentive because of the planned changes.

An approval of an amendment may affect the approved incentive amount.
6. PAYMENT OF THE INCENTIVE

6.1. the dti or its representative (including independent engineers or other experts) may visit the premises where the business project is conducted/executed/produced/recorded/edited and inspect such business project before it approves an application or claim. the dti may do this with or without prior notice.

6.2. Such inspection will be, among other things, to verify the information submitted with the application and/or claim and to inspect the premises, financial books, technology, documents, reports and any other information that may pertain to this incentive.

6.3. The beneficiary, or its successor in title (including the executor/trustee of a deceased/sequestrated/liquidated estate), must keep records (electronic or paper) of all documents relevant to the incentive for five years after it received the last payment. This includes a copy of its application and all its claims; originals of documents submitted with the application and claims; copies of reports or other information provided to the dti and relating to the incentive.

6.4. The beneficiary must allow the dti reasonable access to the records mentioned in paragraph 6.3 above, during normal business hours, and must also provide the dti with any information required for the inspection. Should the Beneficiary hinder the dti or its representative and/or refuse access to such records in any way so that the inspection cannot be effectively completed, the dti may summarily reject the application and/or claim.

6.5. the dti may verify the information contained in the application, claim and/or supporting documents by carrying out an independent investigation. To do such an investigation the dti may contact any person who the dti feels may be of assistance. If the beneficiary hinders the dti or its representative in any way so that the investigation cannot be effectively completed, the dti may summarily reject the application and/or claim.

6.6. Should the dti find that a price claimed by the beneficiary is not market related, the dti may, in its sole discretion, and despite the contents of the letter of approval, reduce the approved claim amount to reflect such market-related price, or may reject the full claim.

6.7. the dti shall only evaluate claim forms that are fully and correctly completed to the satisfaction of the dti (including that all the supporting documents required by the incentive guidelines be attached). Approval of a claim is in the dti’s sole discretion.

6.8. the dti shall make payment within 30 calendar days after an approval by the dti of the relevant claim in accordance with the requirements and conditions of the incentive scheme’s guidelines (which may include a physical inspection). the dti may delay payment for an indefinite period, provided that it shall inform the beneficiary of the reasons for such delay so as to ensure that no delay is for unjust administrative reasons.

6.9. Payment shall be made directly into the bank account of the beneficiary only. The beneficiary must notify the dti of the correct account details in writing when submitting its claim form.

No interest shall be payable by the dti on any amounts due and payable. Payment is subject to availability of funds as approved by National Treasury and parliament on a yearly basis, and allocated to the dti in terms of the annual Division of Revenue Act.

Where a service provider is involved in terms of the incentive guidelines, the dti accepts no liability for non-performance, poor or failed execution of the activity/ies by a service provider or for damages or penalties incurred by the beneficiary for using the services of a service provider.
It is the duty of the beneficiary to inform the dti in writing should any of the instances below occur and the dti reserves its rights in the event of any of the instances occurring to reject a claim and/or refuse any further payment:

6.9.1. The business project stops manufacturing/production/operations for any reason. This includes provisional/final liquidation (or sequestration of the sole proprietor/partner/firm); becoming dormant; being destroyed. It is irrelevant whether this cessation is permanent or temporary (seasonal business projects must at least be operational during the relevant seasons);

6.9.2. the beneficiary enters into a compromise offer or arrangement with creditors, or where the beneficiary is placed under judicial management;

6.9.3. and where investment is a requirement, the business project reduces the qualifying investment without replacing it again with qualifying investment;

6.9.4. the business project reduces jobs and/or reduces permanent staff or reduces permanent staff in favour of casual, contract or temporary staff;

6.9.5. the business project stops complying with the incentive guidelines and/or this schedule.

6.10. The beneficiary is required to report to the dti in writing within seven days any discrepancy (insufficient/excess) on payments made must repay the dti within seven days from such report any excess received.

6.11. Any erroneous payment (including those resulting from a miscalculation, mistake or irregularity) will immediately be recoverable and may be deducted from any future payments that are, or will become, payable. the dti reserves the right to reverse, apportion or recall any payment or any part thereof at its sole discretion. the dti levies interest at the rate prescribed in terms of the Public Finance Management Act, 1999 (Act No. 1 of 1999) on any outstanding amounts payable as from 30 days of date of demand.

7. MONITORING

7.1. The beneficiary must use the incentive amounts received from the dti for the approved business project or activities that it described in its application form and an inspector may require evidence at any time after an amount has been received for verification of this requirement. In contravention of this rule, the amount will be recovered from the beneficiary and prescription cannot be pleaded.

7.2. the dti may ask the beneficiary to complete questionnaires and submit same within the requested period or to report to the dti on its business project/activities, as well as on the incentive received for the dti to monitor and evaluate compliance as well as the contribution that the incentive is making or has made to the South African economy. If the beneficiary does not comply with the request, the dti may, in addition to any other legal remedies that it may have, stop or reduce all further payments in its sole discretion and may refuse any other applications being evaluated at that stage or that may be submitted in future, from the beneficiary or any of its shareholders, directors or principal officers, whether presented directly or indirectly through another legal person for this or any other scheme.

7.3. the dti may appoint an auditor to perform an audit on the beneficiary to ascertain whether the beneficiary has complied with the incentive guidelines and this schedule. the dti will notify the beneficiary in writing of the audit and the beneficiary must co-operate with the auditor.

In addition, should the beneficiary be in breach of clause 3.3. supra regarding economic policies and commercial statutes, the dti reserves the right to implement any of the conditions under clause 10 infra.

Any dispute relating to a decision (including the rejection of an application) taken by the dti must be resolved by way of one internal appeal only, lodged within such time as is set out in the letter of rejection. No appeals on inspections are allowed. Should the beneficiary dispute the appeal decision, it must proceed by way of review in the High Court of South Africa.

9.2. If the beneficiary wishes to place new facts before the dti for reconsideration, the beneficiary must explain in writing why these facts could not be provided at the first hearing. If this explanation is, in the sole discretion of the dti, unsatisfactory, it may reject the request.
